NOTICE TO CONTRACTORS AND BUILDERS.

Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material,

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone

of every description.

PLAIN, MOULDED, CARVED OR POLISHED FLAGGING

of any required dimension.

Curbing, Paving, Ruble and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

All Orders from the city or country will be promptly attended to.

THE above are First Class, justly popular, and prompt paying companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability, and honorable dealing, they have but few equals, and no superiors. They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, in times of panic, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing partial and one-sided statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital twice the amount, and in most instances four times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a certainty given instead of an uncertainty. All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER $1,000,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

One Pound will go as far as two pounds of lead paint, and costs but one-half the money.

For ceiling walls and fresco painting, no other can at all compare with it.

It is ready for use as it comes from the keg, and needs no mixing or grinding.

NOTICE TO CONTRACTORS
AND
BUILDERS.

Important Discoveries and New Arrangements!

THE subscriber has discovered upon his premises a splendid

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the state, as well as add to the many already developed resources of our city,

A Beautiful, Cheap and Durable Building Material,

He has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(or Chicago stone.) He is now fitting up extensive saw and scouring mills, and other machinery necessary for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Monterey Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large stone, and is fitting up expensive wagons, carts and trucks, rigged with the most approved appliances for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or on board of the cars.

He is prepared to furnish

Cut Stone

of every description.

PLAIN, MOULDED, CARVED OR POLISHED FLAGGING

of any required dimension.

Curbing, Paving, Ruble and Coursing

stone of the best quality in the state, all of which will be delivered at his Quarries or any part of the city, to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for furnishing, he can and will make it to their interests to patronize the Monterey Quarries.

☞ All Orders from the city or country will be promptly attended to.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors*. They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

[illegible] counties to hear from, officially.

The Japanese Embassy.

The arrival of the United States steamer [illegible] at San Francisco with the Japanese embassy, has been announced. This embassy consists of seventy-one persons, many of them being servants. The embassadors are from among the highest [illegible] of the empire. The object of this diplomatic visit—the first ever authorized by the imperial government of that country—is to exchange ratifications of the treaty [illegible] by our able Consul-General, Mr. Harris, in 1858. By the fourteenth article, the exchange was to take place on or before July 4th, 1859, but the Japanese government, owing to weighty reasons, requested a postponement of the time fixed until the present.

Mr. Harris, the able diplomatic agent of the United States, has the honor of opening that pagan empire to the world. It was [illegible] policy that the prejudices of the Japanese against foreigners were overcome, notwithstanding the efforts of Lord [illegible] to prevent it. This is the first embassy sent by the Japanese to any nation, and their selection of our country for this special favor shows the influence gained by our diplomatic agents and naval officers. In his communication to the secretary of state, Mr. Harris [illegible] that the embassy should be conveyed from Aspinwall to the Potomac without touching at any port, in order that the first impressions of our country should be formed at a place less excitable and more quiet than any of our large seaports. He also requests the procuring of proper accommodations for them before their arrival. Congress took the latter hint, and lately made an appropriation of $10,000 for that purpose. The former will also probably be complied with.

The embassador is expected to proceed from the United States to Great Britain, France, Holland and Russia, returning home by way of Egypt and China, in place of the Pacific route. In his progress through this country he will doubtless be brilliantly received by the various municipal authorities and the people generally.

DEMOCRATIC CORRUPTION FUND.—Mr [illegible], collector of customs at New York, testified before Mr. Covode's committee that he subscribed $1,000 to the New York Hotel Fund, and admitted his subordinates were taxed for party purposes. Four witnesses from New York—two Germans and two Irishmen—confirmed O'Reilly's testimony that they were employed three days previous to the congressional election of 1858, and discharged the day after, each receiving $10 for their service, as being employed in the public stores. One proved to know twenty-five others who were similarly engaged. Plitt and Van Dyke will be examined to-morrow.

THE PANIC AT CHARLESTON.—The Charleston newspapers are discussing the importance of a "volunteer guard," to watch over the city during the session of the Charleston convention. It is urged by the evening News and by a correspondent of the Charleston Mercury. The expectations of that convention seems to inspire some of the quiet inhabitants of that place with actual terror. The fear could not well be more visible if an army of the old Vandals were marching that way. This is not a very complimentary estimate of the character of the democratic party.

☞ The Elkhorn Independent says: "There is one feature of the returns of this election, which is to us most gratifying.—Old Rock, Walworth, Racine and Kenosha, the birth grounds of the free soil party in Wisconsin, stood manfully up to the work' Let this be remembered."

A NEW GOVERNOR.—We learn from the Madison Journal that an official notice has been sent to all the departments of our state government, that Gov. Randall having left the state, expecting to be absent some weeks, the powers and duties of the executive office will devolve upon the Hon. Butler G. Noble, who has assumed the same. We will warrant that "the ship of state" will keep on her course as usual, while Butler G. has the helm. The first thing we want done is to have a good shower of rain sprinkled all over this part of Wisconsin.—It would fall upon a few of the "unjust," it is true, but never mind that. It is much needed, and if the new governor will so order it, we shall, as in duty bound, be much obliged to him.

P. S. Since the above was written we have had a shower. This is doing up business promptly.

☞ It is beginning to be talked of abroad that the democrats of Wisconsin have supported a candidate for chief justice who declares that the fugitive slave law is unconstitutional. This is true, but he is willing to submit to the appellate jurisdiction of the supreme court, and permit his opinion to be reversed. This, for all political purposes, makes him as good an instrument in the hands of the slave power as a democrat.—The south, however, does not relish the idea of permitting her vassals to exercise even this amount of liberty of thought, and we should not be surprised to see the Wisconsin democracy pronounced "unsound." As they are generally Douglas men this may not help their cause at Charleston.

HOSPITAL FOR THE INSANE.—The board of trustees of this hospital being desirous of ascertaining, as nearly as possible, the number of insane persons in this state, who may be regarded as applicants for admission into the hospital, as patients, respectfully request the friends of such persons, or the authorities having them in charge, will address F. S. Lawrence, the secretary of the board at Madison, stating—

1. Patient's name?
2. Sex?
3. Age?
4. Color?
5. Married or single or widowed?
6. Place of birth?
7. Place of residence?
8. Patient's occupation and pecuniary condition?
9. How long insane?
10. Is this the first attack? If not, how many previous?
11. Present and usual condition of patients: whether mild and manageable, or excitable and violent?
12. Is the patient restrained or confined in any way? If so, what is the character of the restraint made use of?
13. Is the patient subject to epileptic fits?
14. Whether suicidal or not?
15. Whether the disease is hereditary?
16. Supposed cause of disease?
17. Is he now, or has he been, in any institution in another state? If so, where, and how long?
18. Any other information which may be deed useful.

A full answer to these questions, so far as is possible, is essential to the admission of any patients into the hospital.

M. C. DARLING, Pres't.
CHAS. D. ROBINSON, Sec'y pro tem.

SARDINIA.—By the annexation of Lombardy, Tuscany, Modena, Parma, Bolognas Ferrara and Forti, Sardinia has become a powerful kingdom. After deducting for the loss of Savoy and Nice, the population is 10,936,035, which is more than double that of Sardinia proper. It is not at all improbable that the whole of Italy will soon be united under one king. This would make a first class power, having the support of over 20,000,000 people. It would be closely allied to France, and together they could control the destinies of Europe. Such an event cannot but be favorable to the progress of liberal ideas.

☞ The Patriot wants to know if Potter will resign, but says not a word about the southern bully who challenged him. Of course Pryor is all right and ought not to resign. Like the King, the chivalry can do no wrong, in the eyes of a doughface.

☞ Small swords are considered highly genteel instruments with which to fight a duel, but change the form of the blade a little giving it a trifle more weight, and behold it is too "vulgah" for the code of the F. F. V's.

☞ It is said that Potter had no "bowels of compassion" when he proposed to fight Pryor with a murderous Bowie knife. We think Pryor would not have had any of that kind of viscera a great while if he had accepted.

COMING DOWN BY DEGREES.—The Patriot of Saturday says that it "would not be surprised if the official canvass would give Sloan the certificate." It was announced a few days since that the election of Dixon was a democratic victory. Of course if he is not elected it is a democratic defeat.

In regard to the assertion of the Gazette that "Senator Seward is undoubtedly the preference of a large majority of the republicans of Wisconsin," how, when and where, did the Gazette ascertain that fact?

The amount of the matter is, that the convention at Chicago not being in a position to reward old servants, must select the *strongest* man, and Wisconsin will give that nominee a large majority, should it be Seward or anybody else.—*Free Democrat.*

We have ascertained the fact that a large majority of the republicans of Wisconsin prefer Senator Seward, by observing the expression of public opinion in the newspapers and public meetings. The most significant manifestation of that sort was seen at the state convention last winter when Seward was unanimously declared to be the preference of the republicans of this state.

ELMIRANS "OUT WEST."—At a recent election in Janesville, Wisconsin, H. N. Comstock, Esq., was elected police justice, and Hiram Potter, Esq., justice of the peace. Both of the above gentlemen were formerly residents of Elmira. Their friends here will be gratified to hear of their success. They are good republicans of course.—*Elmira Advertiser.*

Of course they are, and first rate citizens, too. If Elmira has any more such men to send west, let them come right along and locate in Janesville, where worth is appreciated.

NEW YORK, April 15.

Herald's Correspondence.—The Butterfield overland company is now under the control of Wells, Fargo & Co., of N. Y.—Mr. Butterfield has been deposed from the presidency, and replaced by Wm. B. Dinsmore, of the Adams' express company.—Mr. Gardner has also resigned the superintendency of the route, and Col. Alvord, of Ind., has been appointed to fill the vacancy.

TROY, April 15.

On Saturday night a large fire occurred in West Troy, destroying N. L. Dan's cooper shop, a wagon factory, a grocery, 11 dwelling houses and four barns. Loss about $30,000—partially insured.

WASHINGTON, April 15.

As a number of the opposition will pair with democratic members, who are going to Charleston, and will avail themselves of this arrangement to visit their homes, it is probable that scarcely a quorum of so many will be left here to attend to the public business.

David A. Brown, who has recently returned from Utah, in a lecture last night, refuted the statement of Mr. Hooper, delegate from Utah, that the Mormons have no coinage of their own, and exhibited some of their money, which authorities have forced into circulation, to show that it is 30 per cent below the national standard.

It is said that the administration adheres to the possession of San Juan Island, and that in response to the proposition of the British government, the latter has by this time been informed.

WASHINGTON, Sunday night.

The Tribune correspondent says—The city is still agitated with various rumors to the effect that Mr. Pryor had disclaimed his second's action in rejecting Mr. Potter's terms, and had sent Mr. Potter another note offering to accept his proposition, which was not done under the advice of Mr. Pryor's friends. Another is that Mr. Pryor had signified his willingness to Mr. Potter, to fight in common combat, with such arms as either might choose, outside the frequented walks. These rumors as yet have no foundation in fact, whatever purpose may be entertained. They doubtless led to the arrest of Mr. Potter yesterday morning.

Mr. Pryor has not yet been held to bail and does not intend to put himself immediately within reach of the authorities. He was in the city at the Kirkwood House on Friday night in company with Messrs. Miles and Keitt.

Mr. Potter had arranged a fortnight ago to go home this week, but will remain in consequence of these report. His friends do not propose to publish the correspondence now, as the main facts are understood by the public. They are however perfectly willing the other side should.

Col. Lander called upon Mr. Keitt on Friday night to understand whether his presence as a second of Mr. Potter was any longer necessary in connection with the affair, and was assured that it was not.—Many of Mr. Pryor's personal and political friends entertain the opinion that he unnecessarily thrust this quarrel on Mr. Potter, and having assumed an attitude in the house which was followed up by a peremptory challenge, he was bound to accept any weapon. Others sustained his course throughout.

The Hon. Wm. Preston, ambassador to Spain, returned by the Baalbec and has proceeded to Washington. It is understood that he has negotiated a treaty with the Queen's government whereby all the questions hitherto in issue between the two nations are adjusted and most amicable relations re-established.

A despatch from Washington says the President has decided to remove Geo. N. Sanders from the post of navy agent at this port. He is a Douglas man.

NORFOLK, April 15th.

An inspection of the United States ship Germantown, took place yesterday. The condition and exercises of the screw were highly satisfactory.

The "Dismal Swamp" is on fire and the flames are raging with much violence.

WASHINGTON, April 15.

The postage between the United States and the Grand Duchy of Luxemburg, by the Bremen mail has been reduced from 22 to 15 cents—pre-payment optional; so that the uniform rate of the latter amount is now chargable on all letters conveyed in the Bremen mail between us and the states belonging to the German and Austrian postal union.

WASHINGTON, April 16.

HOUSE.—A communication was received from the doorkeeper, giving the number of employees under him, salaries, &c. Mr. Burnett spoke of the necessity of reforming the abuses in and around the capital, there being two-thirds more officers than the public service demand. There were hordes of office seekers who must be satisfied. He moved that the subject be referred to a select committee.

Mr. Moore, of Ky., suggested that it be sent to the committee, on manufactures, who, having nothing to do, might manufacture something. [Laughter.]

SENATE.—Mr. Wilson introduced a bill for the more effectual suppression of the slave trade. It is a bill of nine sections. It provides for the construction of five steam screw sloops of war, adapted to the African coast; increases the bounty from $250 to $700; offers a reward of $100 for delivery to the United States marshal of any slave landed in the country; makes the fitting out or ownership of vessels engaged in the slave trade piracy, and punished with imprisonment for life, instead of death.

MEMPHIS, TENN., April 16.

The steamer Defender, from New Orleans to Pittsburgh, snagged and sunk near Laconia, Saturday evening. Boat and heavy cargo total loss. Three deck passengers were lost.

ST. JOHNS, MICH., April 16.

A fire this morning destroyed Miner & Bro., and J. Hicks' dry goods; Sam. Kyes, grocery; Fellows' jewelry and Wright's millinery stores; also the Republican office, with type and press. Loss estimated at $20,000—small insurance.

VINCENNES, IND., April 15.

A fire last night destroyed Eastham's block and nearly all the contents. Loss about $10,000—insured $3,400. The fire originated in a bakery.

The Market.

NEW YORK, April 16.

Flour market less active but unchanged, 5,45a5,75 common to medium extra western. Canadian flour quiet. Rye flour steady. Wheat market less active but unchanged, 1,26 Mil. club. Rye firm. Barley dull. Corn dull and unchanged, sales 12,000 bushels.

Origin of the Potter and Pryor Difficulty.

The following is the telegraphic account to the New York papers of the origin of the difficulty between Messrs. Potter and Pryor in the House of Representatives on Wednesday last:

Mr. Pryor (dem., Va.,) rising to a question of privilege, read from the Globe concerning the difficulty of Thursday, and quoted the following:

"Mr. Pryor (advancing from the democratic side of the house toward the area, where Mr. Lovejoy stood)—The gentleman from Illinois [Lovejoy] shall not approach this side of the house, shaking his fists and talking in the way he has talked. It is bad enough to be compelled to sit here and hear him utter his treasonable and insulting language; but he shall not, Sir, come upon this side of the house, shaking his fists in our faces.

"Potter—We listened to gentlemen upon the other side for eight weeks, when they denounced the members upon this side with violent and offensive language. We listened to them quietly, and heard them through; and now, Sir, this side shall be heard, let the consequences be what they may.

"Mr. Pryor—This is the point I make: Let the gentleman speak from his seat, and say all under the rules he is entitled to; but, Sir, he should not come upon this side, shaking his fists in our faces, and talking in the style he has talked. He shall not come here gesticulating in a menacing and ruffianly manner.

"Mr. Potter—You are doing the same thing."

Mr. Pryor, after this reading, said it was due to himself to say, on that occasion he did not recognize the honorable member, or hear any word from his lips; nor was he singular in this oblivion of his presence.—The newspapers in giving separate accounts of the proceedings, made no reference to his presence; but, finding him reported in the Globe, he would admit the member was here. He discovered that the member had interpolated the record in a manner touching personal relations in a most material regard. The member had interpolated the words, "Let the consequences be what they may," and "you are doing the same thing." Then again, after the words as taken down by the reporters, "I do not think that side of the house has a right to say where a gentlemen shall speak," the gentleman adds, "and he shall not."

Mr. Potter was very much surprised to hear the gentleman say that he did not see him on the occasion alluded to, but he had no right to say the gentleman did see him. He stood within a few feet of the gentleman, and after Mr. Pryor had made the remark as to Mr. Lovejoy shaking his fist, he (Potter) said, "You are doing the same thing." He had a right to do what he did, and the gentleman did the same thing. It was perfectly natural, where there were so many talking, that the reporters should not have distinctly heard all the remarks.

Mr. Pryor replied that the member might have been here, but he (Pryor) did not see him. He did in two instances substitute one word for another, in no respect changing the sense of his meaning, and not putting himself in a more heroic attitude. He understood the gentleman then to say that on that occasion he (Pryor) in a ruffianly and violent manner, approached and gesticulated toward the member from Illinois (Lovejoy.) Was he to understand further that the member intended by that any menace or offense?

Mr. Potter replied that what he meant was this: While the member from Virginia was making the charge about Lovejoy shaking his fists, he (Potter) said very naturally "you are doing the same thing." Mr. Potter said that he deprecated the shaking of fists on one side as much as the other, and he stood by what he had said. He considered that a member has the right to correct his remarks from the notes of the reporters, and to supply omissions. He would ask Mr. Pryor whether he (Pryor) did not erase his (Potter's) remark after it was put in by the reporters. What right had he to do this without consultation with him. It was a liberty no gentleman should take with another, and he (Potter) would suffer his right arm to fall off before he would do it.

Mr. Pryor.—The gentleman wants to know by what authority I erased matter he interpolated. I erased no word the reporters had written, but I felt authorized to erase the unwarrantable and impertinent interjection made in the notes of the reporters. The gentleman stands by the language. I understand him to give me the liberty of construing his remarks as I choose. Whether or no he will stand by it the sequel will prove. [Laughter on the republican side.]

Mr. Davis (rep., Mass.,) said that he heard Mr. Potter make the remarks.

CIRCUIT COURT.—The spring term of the circuit court for Walworth county, adjourned yesterday. When Judge Noggle came on to the bench of this circuit, it was under rather unfavorable circumstances for a new Judge—from the fact that the people had not forgotten with how much ability, dignity and honor, Judge Doolittle presided—and they knew, too, with how much energy and clear discernment Judge Keep had dispatched business—and hence they were naturally inclined to look for too much, or with the eye of prejudice upon the new-comer. The junior of the Independent, was among the number that was last spring in favor of Judge Keep, from the fact that the people had *tried* him, and found him to be a good Judge. But upon acquaintance with Judge Noggle we take pleasure in saying that we like him—for we believe him to be one of those men who make truth and justice the basis of action. Wherever you meet Judge Noggle, on the Bench, in the parlor, or on the street, there you find him the same, true hearted, clear-headed, unassuming gentleman, and would to God we had more such men.—*Elkhorn Independent.*

A BRUTAL OUTRAGE.—A farmer living in Dane county, informs the Madison Patriot, of a strange and dangerous outrage which occurred Wednesday in the town of Mount Vernon. It appears that a Mr. Burbank, of Madison, had hired a team and wagon from a Mr. Byam, also living there, for the purpose of bringing in a load of hay from the town of Primrose. A boy started with the team on Tuesday afternoon, staying at Primrose over night, and in the morning, when he came to the wagon, he found the wheels had been taken off and hid, and that it had been disfigured and rendered useless. The tails of the horses had also been cut short.

Through the kindness of a Mr. Robbins, of Primrose, he was supplied with another wagon, and getting his load of hay on it, started for Madison, a son of Mr. Robbins accompanying him. While passing through the town of Mt. Vernon in broad daylight, two men stepped into the road with their faces half hid in masks, and deliberately set fire to the hay. The boys got off the load and at once attempted to free the horses, which were getting scorched, but the men forced the boys back, and hit the horses to make them run. The eldest boy finally freed the horses by cutting the traces, and the perpetrators of the outrage ran off. Hanging is almost too good for the perpetrator of such a brutal outrage.

☞ Mrs. Andrews, wife of G. W. D. Andrews, now awaiting his trial on an indictment for arson, is dangerously ill, at Delavan, and fears are entertained that she will not recover. Whether innocent or guilty, misfortune and disaster have followed them unmercifully, to their home in Walworth.—*Elkhorn Independent.*

ALL SORTS OF PARAGRAPHS.

Forrest has expended over one hundred thousand dollars in the fruitless attempt to free himself from his wife.

The paper money in circulation in the United States at the present time, amounts to $153,000,000.

The golden harvest of Australia is on the decrease, while that of the United States is increasing.

The following oath, to be administered to legal gentlemen when admitted to the bar, passed the Massachusetts senate by a vote of 13 to 3: "You solemnly swear that you will do no falsehood, nor consent to the doing of any in court, you will not willingly or unwillingly promote or sue any false, groundless or unlawful suit, nor give your aid nor consent to the same: you will delay no man for lucre or malice; but you will conduct yourself in the office of an attorney within the courts, according to the best of your knowledge and discretion, and with all good fidelity, as well to the court as to your clients—so help you God." That will do very well, but what is to be done with those already in.

In Columbus, Ohio, at the temperance convention recently, General S. F. Carey offered a reward of $10 for a single pint of brandy procured from any hotel, saloon or drug store in that city, which shall be found free from drugs and poison. The gentleman says that the French brandy so called, for sale in Ohio, is composed "of poisonous acid, guinea pepper and copper."

HEIGHT OF IMMAGINATION.—Lend a man five dollars and imagine it paid when promised.—BONZE.

Anamboo, an African Prince, visiting England, received so many attentions from a celebrated belle of London, that, in a moment of tenderness, he could not refrain from laying his hand on his heart and exclaiming:—"Oh! madam, if heaven had only made you anegress, you would have been irresistible!"

At the election for town officers that took place in Butler, Mo., last week, a Mr. Goforth was elected mayor. We think the name would be more appropriate for the retiring incumbent.

A Frenchman who had traveled a good deal in the United States, being asked how be liked the country, answered: "O I like zee countree ver mooch, mais it eez ver fonny. In my countree zere is vun religion and great many soup; maiz is this countree zere is onlee vun soup and ver many religion.

The editor of the Sullivan County (Ia.) Democrat, says that a large bear, a few days since entered a dwelling house in the town of Sherry, and seizing a little child that was playing about the floor, commenced caressing and fondling it in the most tender manner. The child, as well as the bear, seemed highly pleased, and, stranger to say, this singular proceeding continued for several minutes, till the horrified mother, the only person in the house, seized upon the opportunity to bar the door upon the intruder, while he happened to be on the outside.—The offended animal being thus shut out from further sport, retired to his home in the woods.

THE NEW MORMON PROPHET.—Joe Smith the younger, is thus described by a correspondent of the Cincinnati Gazette:

But what of "The Prophet Joe?" Fairness requires me to say that never did man in so few things conform to the ideas which a reading of the sublime pages penned by the prophets of old impresses upon our minds. In a prophet we look at least for the outward signs of ordinary intelligence—for a decent regard for the sanitary law which induces us to be clean. True he has come from the plow to redeem the people, but hard work can hardly be urged as an excuse for dirt. His dress upon this occasion is that of a poor farmer, (by the way, I believe he is also a lawyer.) His face would bespeak him "soft;" his eyes are gentle; his head rises to a peak on top, his hair is black and long, and he wears a mustache of nearly the same color, but in mighty bad disorder. The first impression on seeing him is that soap, water and a small-tooth comb, would materially affect his general appearance, to its exceeding great improvement.

In the doctrines and practice of the Mormons he is evidently unlearned. He had, as he had often said, cast the thing from him, and when installed he did not even possess a Book of Mormon or a compilation of the Doctrine and covenants. Whatever he does will mainly be dictated by master spirits, who, since the dispersion, have held together, and been gradually adding to the remnant of the dispersed believers,

The Japanese Embassy.

The arrival of the United States steamer Powhattan at San Francisco with the Japanese embassy, has been announced. This embassy consists of seventy-one persons, fifty-three of them being servants. The two envoys are from among the highest princes of the empire. The object of this diplomatic visit—the first ever authorized by the imperial government of that country—is to exchange ratifications of the treaty negotiated by our able Consul-General, Mr. Harris, in 1858. By the fourteenth article, that exchange was to take place on or before July 4th, 1859, but the Japanese government, owing to weighty reasons, requested a postponement of the time fixed until the present.

Mr. Harris, the able diplomatic agent of the United States, has the honor of opening the Japanese empire to the world. It was by his shrewd policy that the prejudices of the people against foreigners were over come, notwitstanding the efforts of Lord Elgin to prevent it. This is the first embassy sent by the Japanese to any nation, and the selection of our country for this mark of favor shows the influence gained by our diplomatic agents and naval officers. In his late communication to the secretary of state Mr. Harris that the embassy should be conveyed from Aspinwall to the Potomac without touching at any port, in order that their first impressions of our country should be received at a place less excitable and tumultuous than any of our large seaports. He also suggests the procuring of proper accomodations for them before their arrival. Congress took the latter hint, and lately made an appropriation of $10,000 for that purpose. The former will also probably be complied with.

The ambassador is expected to proceed from the United States to Great Britain, France, Holland and Russia, returning home by way of Egypt and China, in place of the Pacific route. In his progress through this country he will doubtless be cordially received by the various municipal authorities and the people generally.

Democratic Corruption Fund.—Mr Fowler, collector of customs at New York, testified before Mr. Covode's committee that he subscribed $1,000 to the New York Hotel Fund, and admitted his subordinates were taxed for party purposes. Four witnesses from New York—two Germans and two Irishmen—confirmed O'Reilly's testimony that they were employed three days previous to the congressional election of 1858, and discharged the day after, each receiving $10 for their service, as being employed in the public stores. One proved he knew twenty-five others who were similarly engaged. Plitt and Van Dyke will be examined to-morrow.

The Panic at Charleston.—The Charleston newspapers are discussing the importance of a "volunteer guard," to watch over the city during the session of the Charleston convention. It is urged by the evening News and by a correspondent of the Charleston Mercury. The expectations of that convention seems to inspire some of the quiet inhabitants of that place with actual terror. The fear could not well be more visible if an army of the old Vandale were marching that way. This is not a very complimentary estimate of the character of the democratic party.

☞ The Elkhorn Independent says: "There is one feature of the returns of this election, which is to us most gratifying.—Old Rock, Walworth, Racine and Kenosha, the birth grounds of the free soil party in Wisconsin, stood manfully up to the work" Let this be remembered."

A New Governor.—We learn from the Madison Journal that an official notice has been sent to all the departments of our state government, that Gov. Randall having left the state, expecting to be absent some weeks, the powers and duties of the executive office will devolve upon the Hon. Butler G. Noble, who has assumed the same. We will warrant that "the ship of state" will keep on her course as usual, while Butler G. has the helm. The first thing we want done is to have a good shower of rain sprinkled all over this part of Wisconsin.—It would fall upon a few of the "unjust," it is true, but never mind that. It is much needed, and if the new governor will so order it, we shall, as in duty bound, be much obliged to him.

P. S. Since the above was written we have had a shower. This is doing up business promptly.

☞ It is beginning to be talked of abroad that the democrats of Wisconsin have supported a candidate for chief justice who declares that the fugitive slave law is unconstitutional. This is true, but he is willing to submit to the appellate jurisdiction of the supreme court, and permit his opinion to be reversed. This, for all political purposes, makes him as good an instrument in the hands of the slave power as a democrat.—The south, however, does not relish the idea of permitting her vassals to exercise even this amount of liberty of thought, and we should not be surprised to see the Wisconsin democracy pronounced "unsound." As they are generally Douglas men this may not help their cause at Charleston.

Hospital for the Insane.—The board of trustees of this hospital being desirous of ascertaining, as nearly as possible, the number of insane persons in this state, who may be regarded as applicants for admission into the hospital, as patients, respectfully request the friends of such persons, or the authorities having them in charge, will address F. S. Lawrence, the secretary of the board at Madison, stating—

1. Patient's name?
2. Sex?
3. Age?
4. Color?
5. Married or single or widowed?
6. Place of birth?
7. Place of residence?
8. Patient's occupation and pecuniary condition?
9. How long insane?
10. Is this the first attack? If not, how many previous?
11. Present and usual condition of patients: whether mild and manageable, or excitable and violent?
12. Is the patient restrained or confined in any way? If so, what is the character of the restraint made use of?
13. Is the patient subject to epileptic fits?
14. Whether suicidal or not?
15. Whether the disease is hereditary?
16. Supposed cause of disease?
17. Is he now, or has he been, in any institution in another state? If so, where, and how long?
18. Any other information which may be deed useful.

A full answer to these questions, so far as is possible, is essential to the admission of any patients into the hospital.

M. C. DARLING, Pres't.
Chas. D. Robinson, Sec'y pro tem.

Sardinia.—By the annexation of Lombardy, Tuscany, Modena, Parma, Bologna, Ferrara and Forti, Sardinia has become a powerful kingdom. After deducting for the loss of Savoy and Nice, the population is 10,936,035, which is more than double that of Sardinia proper. It is not at all improbable that the whole of Italy will soon be united under one king. This would make a first class power, having the support of over 20,000,000 people. It would be closely allied to France, and together they could control the destinies of Europe. Such an event cannot but be favorable to the progress of liberal ideas.

☞ The Patriot wants to know if Potter will resign, but says not a word about the southern bully who challenged him. Of course Pryor is all right and ought not to resign. Like the King, the chivalry can do no wrong, in the eyes of a doughface.

☞ Small swords are considered highly genteel instruments with which to fight a duel, but change the form of the blade a little giving it a trifle more weight, and behold it is too "vulgah" for the code of the F. F. V.'s.

☞ It is said that Potter had no "bowels of compassion" when he proposed to fight Pryor with a murderous Bowie knife. We think Pryor would not have had any of that kind of viscera a great while if he had accepted.

Coming Down by Degrees.—The Patriot of Saturday says that it "would not be surprised if the official canvass would give Sloan the certificate." It was announced a few days since that the election of Dixon was a democratic victory. Of course if he is not elected it is a democratic defeat.

In regard to the assertion of the Gazette that "Senator Seward is undoubtedly the preference of a large majority of the republicans of Wisconsin," how, when and where, did the Gazette ascertain that fact?

The amount of the matter is, that the convention at Chicago not being in a position to reward old servants, must select the *strongest* man, and Wisconsin will give that nominee a large majority, should it be Seward or anybody else.—*Free Democrat.*

We have ascertained the fact that a large majority of the republicans of Wisconsin prefer Senator Seward, by observing the expression of public opinion in the newspapers and public meetings. The most significant manifestation of that sort was seen at the state convention last winter when Seward was unanimously declared to be the preference of the republicans of this state.

Elmirans "Out West."—At a recent election in Janesville, Wisconsin, H. N. Comstock, Esq., was elected police justice, and Hiram Potter, Esq., justice of the peace. Both of the above gentlemen were formerly residents of Elmira. Their friends here will be gratified to hear of their success. They are good republicans of course.—*Elmira Advertiser.*

Of course they are, and first rate citizens, too. If Elmira has any more such men to send west, let them come right along and locate in Janesville, where worth is appreciated.

TROY, April 15.

On Saturday night a large fire occurred in West Troy, destroying N. L. Dan's cooper shop, a wagon factory, a grocery, 11 dwelling houses and four barns. Loss about $30,000—partially insured.

WASHINGTON, April 15.

As a number of the opposition will pair with democratic members, who are going to Charleston, and will avail themselves of this arrangement to visit their homes, it is probable that scarcely a quorum of so many will be left here to attend to the public business.

David A. Brown, who has recently returned from Utah, in a lecture last night, refuted the statement of Mr. Hooper, delegate from Utah, that the Mormons have no coinage of their own, and exhibited some of their money, which authorities have forced into circulation, to show that it is 30 per cent below the national standard.

It is said that the administration adheres to the possession of San Juan Island, and that in response to the proposition of the British government, the latter has by this time been informed.

WASHINGTON, Sunday night.

The Tribune correspondent says—The city is still agitated with various rumors to the effect that Mr. Pryor had disclaimed his second's action in rejecting Mr. Potter's terms, and had sent Mr. Potter another note offering to accept his proposition, which was not done under the advice of Mr. Pryor's friends. Another is that Mr. Pryor had signified his willingness to Mr. Potter, to fight in common combat, with such arms as either might choose, outside the frequented walks. These rumors as yet have no foundation in fact, whatever purpose may be entertained. They doubtless led to the arrest of Mr. Potter yesterday morning.

Mr. Pryor has not yet been held to bail and does not intend to put himself immediately within reach of the authorities. He was in the city at the Kirkwood House on Friday night in company with Messrs. Miles and Keitt.

Mr. Potter had arranged a fortnight ago to go home this week, but will remain in consequence of these report. His friends do not propose to publish the correspondence now, as the main facts are understood by the public. They are however perfectly willing the other side should.

Col. Lander called upon Mr. Keitt on Friday night to understand whether his presence as a second of Mr. Potter was any longer necessary in connection with the affair, and was assured that it was not.—Many of Mr. Pryor's personal and political friends entertain the opinion that he unnecessarily thrust this quarrel on Mr. Potter, and having assumed an attitude in the house which was followed up by a peremptory challenge, he was bound to accept any weapon. Others sustained his course throughout.

The Hon. Wm. Preston, ambassador to Spain, returned by the Baalbec and has proceeded to Washington. It is understood that he has negotiated a treaty with the Queen's government whereby all the questions hitherto in issue between the two nations are adjusted and most amicable relations re-established.

A despatch from Washington says the President has decided to remove Geo. N. Sanders from the post of navy agent at this port. He is a Douglas man.

NORFOLK, April 15th.

An inspection of the United States ship Germantown, took place yesterday. The condition and exercises of the screw were highly satisfactory.

The "Dismal Swamp" is on fire and the flames are raging with much violence.

WASHINGTON, April 15.

The postage between the United States and the Grand Duchy of Luxemburg, by the Bremen mail has been reduced from 22 to 15 cents—pre-payment optional; so that the uniform rate of the latter amount is now chargable on all letters conveyed in the Bremen mail between us and the states belonging to the German and Austrian postal union.

WASHINGTON, April 16.

HOUSE.—A communication was received from the doorkeeper, giving the number of employees under him, salaries, &c. Mr. Burnett spoke of the necessity of reforming the abuses in and around the capital, there being two-thirds more officers than the public service demand. There were hordes of office seekers who must be satisfied. He moved that the subject be referred to a select committee.

Mr. Moore, of Ky., suggested that it be sent to the committee, on manufactures, who, having nothing to do, might manufacture something. [Laughter.]

SENATE.—Mr. Wilson introduced a bill for the more effectual suppression of the slave trade. It is a bill of nine sections. It provides for the construction of five steam screw sloops of war, adapted to the African coast; increases the bounty from $250 to $700; offers a reward of $100 for delivery to the United States marshal of any slave landed in the country; makes the fitting out or ownership of vessels engaged in the slave trade piracy, and punished with imprisonment for life, instead of death.

MEMPHIS, TENN., April 16.

The steamer Defender, from New Orleans to Pittsburgh, snagged and sunk near Laconia, Saturday evening. Boat and heavy cargo total loss. Three deck passengers were lost.

ST. JOHNS, MICH., April 16.

A fire this morning destroyed Miner & Bro., and J. Hicks' dry goods; Sam. Kyes, grocery; Fellows' jewelry and Wright's millinery stores; also the Republican office, with type and press. Loss estimated at $20,000—small insurance.

VINCENNES, IND., April 15.

A fire last night destroyed Eastham's block and nearly all the contents. Loss about $10,000—insured $3,400. The fire originated in a bakery.

The Market.

NEW YORK, April 16.

Flour market less active but unchanged, 5,45a5,75 common to medium extra western. Canadian flour quiet. Rye flour steady. Wheat market less active but unchanged, 1,26 Mil. club. Rye firm. Barley dull. Corn dull and unchanged, sales 12,000 bushels.

Origin of the Potter and Pryor Difficulty.

The following is the telegraphic account to the New York papers of the origin of the difficulty between Messrs. Potter and Pryor in the House of Representatives on Wednesday last:

Mr. Pryor (dem., Va.,) rising to a question of privilege, read from the Globe concerning the difficulty of Thursday, and quoted the following:

"Mr. Pryor (advancing from the democratic side of the house toward the area, where Mr. Lovejoy stood)—The gentleman from Illinois [Lovejoy] shall not approach this side of the house, shaking his fists and talking in the way he has talked. It is bad enough to be compelled to sit here and hear him utter his treasonable and insulting language; but he shall not, Sir, come upon this side of the house, shaking his fists in our faces.

"Potter—We listened to gentlemen upon the other side for eight weeks, when they denounced the members upon this side with violent and offensive language. We listened to them quietly, and heard them through; and now, Sir, this side shall be heard, let the consequences be what they may.

"Mr. Pryor—This is the point I make: Let the gentleman speak from his seat, and say all under the rules he is entitled to; but, Sir, he should not come upon this side, shaking his fists in our faces, and talking in the style he has talked. He shall not come here gesticulating in a menacing and ruffianly manner.

"Mr. Potter—You are doing the same thing."

Mr. Pryor, after this reading, said it was due to himself to say, on that occasion he did not recognize the honorable member, or hear any word from his lips; nor was he singular in this oblivion of his presence.—The newspapers in giving separate accounts of the proceedings, made no reference to his presence; but, finding him reported in the Globe, he would admit the member was here. He discovered that the member had interpolated the record in a manner touching personal relations in a most material regard. The member had interpolated the words, "Let the consequences be what they may," and "you are doing the same thing." Then again, after the words as taken down by the reporters, "I do not think that side of the house has a right to say where a gentlemen shall speak," the gentleman adds, "and he shall not."

Mr. Potter was very much surprised to hear the gentleman say that he did not see him on the occasion alluded to, but he had no right to say the gentleman did see him. He stood within a few feet of the gentleman, and after Mr. Pryor had made the remark as to Mr. Lovejoy shaking his fist, he (Potter) said, "You are doing the same thing." He had a right to do what he did, and the gentleman did the same thing. It was perfectly natural, where there were so many talking, that the reporters should not have distinctly heard all the remarks.

Mr. Pryor replied that the member might have been here, but he (Pryor) did not see him. He did in two instances substitute one word for another, in no respect changing the sense of his meaning, and not putting himself in a more heroic attitude. He understood the gentleman then to say that on that occasion he (Pryor) in a ruffianly and violent manner, approached and gesticulated toward the member from Illinois (Lovejoy.) Was he to understand further that the member intended by that any menace or offense?

Mr. Potter replied that what he meant was this: While the member from Virginia was making the charge about Lovejoy shaking his fists, he (Potter) said very naturally "you are doing the same thing." Mr. Potter said that he deprecated the shaking of fists on one side as much as the other, and he stood by what he had said. He considered that a member has the right to correct his remarks from the notes of the reporters, and to supply omissions. He would ask Mr. Pryor whether he (Pryor) did not erase his (Potter's) remark after it was put in by the reporters. What right had he to do this without consultation with him. It was a liberty no gentleman should take with another, and he (Potter) would suffer his right arm to fall off before he would do it.

Mr. Pryor.—The gentleman wants to know by what authority I erased matter he interpolated. I erased no word the reporters had written, but I felt authorized to erase the unwarrantable and impertinent interjection made in the notes of the reporters. The gentleman stands by the language. I understand him to give me the liberty of construing his remarks as I choose. Whether or no he will stand by it the sequel will prove. [Laughter on the republican side.]

Mr. Davis (rep., Mass.,) said that he heard Mr. Potter make the remarks.

Circuit Court.—The spring term of the circuit court for Walworth county, adjourned yesterday. When Judge Noggle came on to the bench of this circuit, it was under rather unfavorable circumstances for a new Judge—from the fact that the people had not forgotten with how much ability, dignity and honor, Judge Doolittle presided—and they knew, too, with how much energy and clear discernment Judge Keep had dispatched business—and hence they were naturally inclined to look for too much, or with the eye of prejudice upon the newcomer. The junior of the Independent, was among the number that was last spring in favor of Judge Keep, from the fact that the people had *tried* him, and found him to be a good Judge. But upon acquaintance with Judge Noggle we take pleasure in saying that we like him—for we believe him to be one of those men who make truth and justice the basis of action. Wherever you meet Judge Noggle, on the Bench, in the parlor, or on the street, there you find him the same, true hearted, clear-headed, unassuming gentleman, and would to God we had more such men.—*Elkhorn Independent.*

A Brutal Outrage.—A farmer living in Dane county, informs the Madison Patriot, of a strange and dangerous outrage which occurred Wednesday in the town of Mount Vernon. It appears that a Mr. Burbank, of Madison, had hired a team and wagon from a Mr. Byam, also living there, for the purpose of bringing in a load of hay from the town of Primrose. A boy started with the team on Tuesday afternoon, staying at Primrose over night, and in the morning, when he came to the wagon, he found the wheels had been taken off and hid, and that it had been disfigured and rendered useless. The tails of the horses had also been cut short.

Through the kindness of a Mr. Robbins, of Primrose, he was supplied with another wagon, and getting his load of hay on it, started for Madison, a son of Mr. Robbins accompanying him. While passing through the town of Mt. Vernon in broad daylight, two men stepped into the road with their faces half hid in masks, and deliberately set fire to the hay. The boys got off the load and at once attempted to free the horses, which were getting scorched, but the men forced the boys back, and hit the horses to make them run. The eldest boy finally freed the horses by cutting the traces, and the perpetrators of the outrage ran off. Hanging is almost too good for the perpetrator of such a brutal outrage.

☞ Mrs. Andrews, wife of G. W. D. Andrews, now awaiting his trial on an indictment for arson, is dangerously ill, at Delavan, and fears are entertained that she will not recover. Whether innocent or guilty, misfortune and disaster have followed them unmercifully, to their home in Walworth.—*Elkhorn Independent.*

ALL SORTS OF PARAGRAPHS.

Forrest has expended over one hundred thousand dollars in the fruitless attempt to free himself from his wife.

The paper money in circulation in the United States at the present time, amounts to $153,000,000.

The golden harvest of Australia is on the decrease, while that of the United States is increasing.

The following oath, to be administered to legal gentlemen when admitted to the bar, passed the Massachusetts senate by a vote of 13 to 3: "You solemnly swear that you will do no falsehood, nor consent to the doing of any in court, you will not willingly or unwillingly promote or sue any false, groundless or unlawful suit, nor give your aid nor consent to the same: you will delay no man for lucre or malice; but you will conduct yourself in the office of an attorney within the courts, according to the best of your knowledge and discretion, and with all good fidelity, as well to the court as to your clients—so help you God." That will do very well, but what is to be done with those already in.

In Columbus, Ohio, at the temperance convention recently, General S. F. Carey offered a reward of $10 for a single pint of brandy procured from any hotel, saloon or drug store in that city, which shall be found free from drugs and poison. The gentleman says that the French brandy so called, for sale in Ohio, is composed "of poisonous acid, guinea pepper and copper."

Height of Immagination.—Lend a man five dollars and imagine it paid when promised.—Bonze.

Anamboo, an African Prince, visiting England, received so many attentions from a celebrated belle of London, that, in a moment of tenderness, he could not refrain from laying his hand on his heart and exclaiming:—"Oh! madam, if heaven had only made you anegress, you would have been irresistible!"

At the election for town officers that took place in Butler, Mo., last week, a Mr. Goforth was elected mayor. We think the name would be more appropriate for the retiring incumbent.

A Frenchman who had traveled a good deal in the United States, being asked how he liked the country, answered: "O I like zee countree ver mooch, mais it eez ver fonny. In my countree zere is vun religion and great many soup; maiz is this countree zere is onlee vun soup and ver many religion.

The editor of the Sullivan County (Ia.) Democrat, says that a large bear, a few days since entered a dwelling house in the town of Sherry, and seizing a little child that was playing about the floor, commenced caressing and fondling it in the most tender manner. The child, as well as the bear, seemed highly pleased, and, stranger to say, this singular proceeding continued for several minutes, till the horrified mother, the only person in the house, seized upon the opportunity to bar the door upon the intruder, while he happened to be on the outside.—The offended animal being thus shut out from further sport, retired to his home in the woods.

The New Mormon Prophet.—Joe Smith the younger, is thus described by a correspondent of the Cincinnati Gazette:

But what of "The Prophet Joe?" Fairness requires me to say that never did man in so few things conform to the ideas which a reading of the sublime pages penned by the prophets of old impresses upon our minds. In a prophet we look at least for the outward signs of ordinary intelligence—for a decent regard for the sanitary law which induces us to be clean. True he has come from the plow to redeem the people, but hard work can hardly be urged as an excuse for dirt. His dress upon this occasion is that of a poor farmer, (by the way, I believe he is also a lawyer.) His face would bespeak him "soft;" his eyes are gentle; his head rises to a peak on top, his hair is black and long, and he wears a mustache of nearly the same color, but in mighty bad disorder. The first impression on seeing him is that soap, water and a small-tooth comb, would materially affect his general appearance, to its exceeding great improvement.

In the doctrines and practice of the Mormons he is evidently unlearned. He had, as he had often said, cast the thing from him, and when installed he did not even possess a Book of Mormon or a compilation of the Doctrine and covenants. Whatever he does will mainly be dictated by master spirits, who, since the dispersion, have held together, and been gradually adding to the remnant of the dispersed believers.

MOST EXTRAORDINARY RESULTS
FROM THE USE OF
WINCHESTER'S GENUINE
Hypophosphites,
IN THE CURE OF CONSUMPTION.

I need only call the attention of all Consumptive sufferers, whether in advanced or the incipient stage of the disease, to the following extract from a letter addressed to me by a physician of great experience, and extensive practice in Chester Co., Pa. The voluntary evidence of professional men, such as that of Dr. Townsend, ought to convince the most skeptical of the extraordinary efficacy of my preparation of Hypophosphites:

Chatham, Pa., 3d Month, 26th, 1860.

Friend J. Winchester:— * * Thirty-six persons have obtained the medicine from me, twelve of whom have been under my own care. Five of them were, in my opinion, and in the judgment of other physicians, hopeless cases of Phthisis—irritable cough, copious expectorations of a purulent character, night sweats and emaciation. These cases were from one to three years' standing. Auscultation and percussion developed sounds which, taken in connection with other symptoms, gave evidence of a condition from which I have never, in seventeen years' practice, seen a single case recover by any other treatment. * * Under the use of the Hypophosphites, all the bad symptoms ceased; they have gained flesh and strength and health—some of them better than they had enjoyed for seven years previously.

The other cases under my care were in the incipient stage, and in them all symptoms and traces of the disease have disappeared. Of those who were not under my care, I have not heard of a single patient who himself benefitted by the use of the remedy, although in some of them the disease was too far advanced to admit the possibility of recovery.

I presume I am as skeptical in medicines or specifics as most physicians; yet, from the experience I have had in the use of Dr. J. F. Churchill's Remedy for Tuberculosis, I would say to all who have a tendency to that disease—take it, and the sooner the better, before there is any disorganization. * * *

W. W. TOWNSEND, M. D.

The Hypophosphites of Lime and Soda
act with promptness and certainty in every stage of Consumption, and with invariable efficacy in all derangements of the nervous and blood systems, general debility, dyspepsia, asthma, rickets, female complaints, spermatorrhea, in all disorders dependent on imperfect or impaired nutrition, and in all cases of local or constitutional debility. They increase the nervous or vital energy, relieve cough, check night sweats, diminish expectoration, improve the appetite, arrest diarrhœa, promote refreshing sleep, and create new and healthful blood. A fair trial is a certain cure.

Winchester's Genuine Preparation
of the Hypophosphites of Lime and Soda, is the only reliable form of Dr. Churchill's remedy, and is approved by the medical profession generally. Use no other or any remedy containing iron.

Prices.—In 7 and 16 ounce (pint) bottles, $1 and $2 each.

WEBSTER'S DICTIONARY.—A new pictorial edition of Webster's Unabridged Dictionary has been issued by G. & C. Merriam of Boston. It has 1500 pictorial illustrations of words. This is a new feature in our dictionaries, which upon examination appears to render essential aid in elucidating the meaning of certain words; it has an appendix of 9,000 new words and a table of synonyms, by Prof. Goodrich, which latter is especially valuable. It contains also a table showing the pronunciation of 8000 names of distinguished persons of modern times, a table of quotations of words and phrases from the Latin, French, Italian and Spanish languages; besides several features of interest and value to the scholar and man of business. This volume is a noble contribution to the literature of the world. Its preparation in every respect evinces the utmost care, and especially in its typographical execution we recognize the perfection of the art. Our own state has given unmistakable evidence of its appreciation of this dictionary by ordering it to be placed in every school room within its borders, and the state superintendent of common schools recommends it as the "best." It is for sale at very reasonable rates by all our booksellers.

THE COSMOPOLITAN ART JOURNAL.—Published by the Cosmopolitan Art Association, New York, at $2 per year. This is a quarterly devoted to criticisms upon the fine arts and art literature. It is beautifully illustrated and printed in elegant style.

LECTURE ON BURNS.—An invitation has been extended by prominent citizens of [illegible] to Judge Armstrong of this city, to invite him to deliver his lecture upon the "Character and Poetic Genius of Burns," some day this week. It is a fine lecture, and will be highly appreciated by the admirers of the "Ploughman Bard."

JANESVILLE.—About 22 miles north of Carson City, a new town bearing the above name has been laid out by O. H. Pierson, J. L. Blackburn and J. Brown & Brothers. It is about 11 miles northwest of Virginia City, on the turnpike road; ten miles south of the crossing of Truckee river and Stone's Ranch, and about 11 miles from the main crossing of Truckee, saving thereby fourteen miles for the travel on the road north to Marysville. The Steamboat Springs and diggings are about two miles distant, and a few miles on the east have been found good mining prospects. A saw mill is being erected three miles southwest, and a store is already in operation. About twenty houses are contracted for erection as soon as lumber can be obtained. We wish the new town success, and hope ere many months roll around, that new towns will spring up in its vicinity; thus, by their trade, which must center here, adding to the prosperity of Carson City.—*Territorial Enterprise.*

Here is a namesake of our city located in Carson Valley, the heart of the Sierra Nevada mountains. We judge from the description of it given above that it will flourish and grow larger hereafter. Its proprietors have our good wishes, and we desire them to remember that a city bearing the name they have chosen should be *alive* to enterprise and progress.

☞ There has been a black rain at Syracuse, N. Y. which much surprised the people. Some of our democratic friends regard it as a dark omen, which foreshadows the reign of black republicanism!

BRODERICK'S GRAVE.—The grave of Broderick is marked by a little mound of sand on the highest point within the Lone Mountain Cemetery inclosure. The spot may be known at a distance by the surveyor's mast planted at the very foot of the grave. A wreath of withered roses and geraniums, and a fresh calla blossom, broken from the roots and thrust into the sand, testified that the late senator's memory is cherished by people who love flowers. This is the spot where the monument is to be erected. From it a glimpse of the ocean may be caught, and the magnificent panorama of the bay, the city, the hills of Contra Costa and Mount Diablo looming over them, lies before you.—*San Francisco Bulletin.*

PERSONAL.—We learn that James Baker, Esq. of Spring Prairie, is about to resume his old vocation, and take charge of one of the ward schools in Milwaukee, at a salary of $1000 per annum. Mr. Baker conducted the same school for three years, previous to coming to this county.—*Elkhorn Independent.*

HOW TO BE HANDSOME.—It is perfectly natural for all women to be handsome. If they are not so, the fault lies in their birth or training, or in both. We would therefore respectfully remind mothers that, in Poland, a period of childhood is recognized. The girls do not jump from infancy to young ladyhood. They are not sent from the cradle directly to the drawing room, to dress, sit still, and look pretty. During childhood, which extends through a period of several years, they are plainly dressed, and allowed to run, romp and play in the open air.—They take to sunshine as does the flower.—They are not loaded down, girded about, and oppressed every way with countless frills and superabundant flounces, so as to be admired for their much clothing. Plain, simple food, free and varied exercise, abundant sunshine, and good mental culture, are the secrets of beauty in after life.—*Ladies' Newspaper.*

GREAT FRESHET IN OHIO.—The rains of the latter part of the week and the early part of the present were very severe in central and eastern Ohio. For several years the streams have not been so high, and most of the railroads in that part of the state have suffered considerable damage. The Ohio State Journal estimates the damage done to the public works of that state at $50,000. The telegraph has also been blown down and, hence we have not received earlier details.

Till yesterday no train has passed over the Pittsburgh, Fort Wayne and Chicago railroad between Crestline and Alliance since the storm. Three embankments were washed away, and the trains were obliged to stop till they could be restored. Passengers were from Tuesday till Friday reaching this city. They speak highly of the efforts made by the officers to make them comfortable. The line is all right now, and trains are running as usual.—*Chicago Tribune of the 14th.*

Carson Valley Silver Mines.

CARSON CITY, A. T., April 4.

The excitement in regard to the silver and gold menes in this region is unabated—hundreds are pouring in from all parts of California. Scarcely a company, who are prospecting, have failed in striking rich ore where they attempted to find it. The mineral region extends for a hundred miles in every direction, and rich discoveries have been made over one hundred miles up the Humboldt. The Spanish claims, situated where the mines were first opened, were yielding $20,000 yer day. Ground is changing hands at from twenty to one hundred dollars per foot.

The Meno lake and Walker river country is rich in minerals, and hundreds are prospecting that country generally with good success.

Ore is now being shipped to San Francisco for smelting from 5 different companies. Other companies are making arrangements to ship their ore as soon as animals can be procured. The ore sent yields from $2,000 to $5,000 per ton.

Discoveries of gold bearing quartz are being made every day. Machinery of every description is on the way here for the purpose of crushing, smelting, &c., &c.

Town property in different localities ranges high. Many fire-proof buildings are under construction.

The population is increasing very fast, and it is thought that in two months the population will be 50,000. Society is very bad. There are no laws for the collection of debts, or punishing criminals. Murders and fights are of daily occurrence.

Freights from California are very high—25 to 35 cents per pound. Flour is now selling at $40 per 100 lbs. Lumber is worth $300 per 1,000 feet.

At some places in the mines, other things are selling in proportion. The weather is stormy to-day, with a heavy fall of snow in the mountains.

The telegraph line is now completed to Malloy's station, and an office will be opened at that point during the present week.—Malloy's is 30 miles east of this city on the route to Salt Lake, and in two weeks the line will be in operation 60 miles still further east, when the time will be reduced to 8 days from St. Josephs to San Francisco for telegraph dispatches.

CHARCOAL.—Charcoal absorbs ninety times its volume of ammoniacal gas, which may again be separated by moistening it with water. It is by virtue of this power that the roots of plants are supplied in charcoal exactly in humus, with an atmosphere of carbonic acid and air, which is renewed as quickly as it is abstracted. Charcoal has a physical as well as a chemical effect on soils, which is decidedly useful.—It renders them, as far as it is present, light and friable, and gives additional warmth to them by its color, and retains readily the rays of the sun during the day. Wherever charcoal has been applied, rust never affects the growth of wheat.

LIFE INSURANCE.—Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, Pres't.
A. W. KELLOGG, Sec'y.

☞ Messrs. Pixley & Harlow, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville. apr13dawly

COMMERCIAL.

Janesville Wholesale Market.

Reported for the Janesville Gazette,
BY
BUMP & GRAY,
GRAIN AND PRODUCE DEALERS.

JANESVILLE, April 16, 1860.

We note a decline of 2a3c per bushel on wheat since Friday, which is owing to unfavorable news from the lakeshore, and partly to a better supply on the market. Receipts to-day were about 2000 bushels which sold at 94a1,00 for good to choice milling spring, and 90a94 for shipping, closing with fair demand at these figures.—Oats also declined 1a1½c, sales of 400 bushels at 27a28. We note sales of a few lots of shelled corn at 40a42c per 60 lbs. No transactions in other grains.

We make up prices as follows:

WHEAT—white winter 1.00a1.12½; good to choice milling spring at 94a1.00; common to fair shipping, 90 a94.

CORN—shelled, per 60 lbs., 38a42c; ear per 70 lbs. 30a35c.

OATS—in fair request at 27a28 per bushel.

BARLEY—dull at 40a55c per 50 lbs., com. to choice.

RYE—quotable at 60a65 per 60 lbs. None coming forward.

POTATOES—plenty at 30a40 per bushel for good to choice ones.

TIMOTHY SEED—scarce and in demand at 2.25a2.60 per 46 lbs.

BUTTER—ranges from 9 to 14 for common to choice roll.

EGGS—in fair demand at 7a8 per dozen.

HIDES—green, 6a6¼; dry flint, 12a14.

FLOUR—spring at retail, 2.60, winter, 3.50.

POULTRY—chickens, 6a7; turkeys, 7a8.

Chicago Market.

Saturday Evening, April 14.

There was a heavy feeling in the wheat market at the opening, but holders were tolerably firm, and sellers eventually had the advantage—about 14,000 bushels having changed hands at 1,02 for No. 1 in store. Flour was quiet and the market favored buyers—choice spring extras selling at 5,12½. Oats were in fair demand and steady at 32c in store. Rye quiet and unchanged Barley steady. High-wines inactive and nominal at 17½a18c.

Milwaukee Market.

Saturday Afternoon, April 14.

There was not so much activity in the produce market to-day, as during each of the previous two or three days, the decline in wheat at New York, yesterday, rather checking the speculative spirit. The dealings in flour were confined to a couple of hundred barrels at 4.75a5,25 for common to choice spring extra.—Wheat was less firm, but not quotable lower, No. 1 selling to a limited extent at 1,03 in store and 1,01 delivered, and extra at 1,10. Corn was firmer, and Illinois shelled went as high as 49a50. Oats declined 1c, selling at 30c. Barley firm at 75a80c for good No. 1 to extra.—*Sentinel.*

Non-Explosive Burning Fluid

USED WITH SAFETY & ECONOMY.

The Best in the Market.

Palmer's Drug and Tea Store.

WE have, for several years past dealt largely in BURNING FLUID, and have always, thus far, kept fully *up to the times*, in any improvements made in its manufacture. Nearly a year ago, in an appeal in favor of its more general use, based upon the fact that the raw material from which it is made, is mainly the product of our own farms, we publicly announced that there was, at the temperature at which it is generally used, "no explosive power whatever in Burning Fluid, *as now made by those who understand the business in which they are engaged.* That injury from its use was either the result of gross carelessness, or of undue alarm caused by a belief in its explosive power," &c. Since then we have manufactured and sold thousand of gallons to consumers in this city and vicinity, and if our assumption was an erroneous one, it would undoubtedly have been discovered ere this.

We are prepared to submit our Fluid to any test the public may call for, satisfied that, with ordinary care, *no safer, better or more agreeable light can be produced.* As we are indebted to no traveling "PROF. GREEN—O!" for the high state of perfection attained by us in its manufacture, we are, as usual, prepared to offer our Fluid at the *LOWEST MARKET FIGURES*, and to guarantee entire satisfaction in its use, or the money refunded.

WEBSTER'S DICTIONARY.—A new pictorial edition of Webster's Unabriged Dictionary has been issued by G. & C. Merriam of Boston. It has 1500 pictorial illustrations of words. This is a new feature in our dictionaries, which upon examination appears to render essential aid in elucidating the meaning of certain words; it has an appendix of 9,000 new words and a table of synonyms, by Prof. Goodrich, which latter is especially valuable. It contains also a table showing the pronunciation of 8000 names of distinguished persons of modern times; a table of quotations of words and phrases from the Latin, French, Italian and Spanish languages; besides several features of interest and value to the scholar and man of business. This volume is a noble contribution to the literature of the world. Its preparation in every respect evinces the utmost care, and especially in its typographical execution we recognize the perfection of the art. Our own state has given unmistakable evidence of its appreciation of this dictionary by ordering it to be placed in every school room within its borders, and the state superintendent of common schools recommends it as the "best." It is for sale at very reasonable rates by all our booksellers.

THE COSMOPOLITAN ART JOURNAL.—Published by the Cosmopolitan Art Association, New York, at $2 per year. This is a quarterly devoted to criticisms upon the fine arts and art literature. It is beautifully illustrated and printed in elegant style.

LECTURE ON BURNS.—An invitation has been extended by prominent citizens of Milwaukee to Judge Armstrong of this city, asking him to deliver his lecture upon the "Character and Poetic Genius of Burns," some day this week. It is a fine lecture, and will be highly appreciated by the admirers of the "Ploughman Bard."

JANESVILLE.—About 22 miles north of Carson City, a new town bearing the above name has been laid out by O. H. Pierson, J. L. Blackburn and J. Brown & Brothers. It is about 11 miles northwest of Virginia City, on the turnpike road; ten miles south of the crossing of Truckee river and Stone's Ranch, and about 14 miles from the main crossing of Truckee, saving thereby fourteen miles for the travel on the road north of Marysville. The Steamboat Springs and diggings are about two miles distant, and a few miles on the east have been found good mining prospects. A saw mill is being erected three miles southwest, and a store is already in operation. About twenty houses are contracted for erection as soon as lumber can be obtained. We wish the new town success, and hope ere many months roll around, that new towns will spring up in our vicinity; thus, by their trade, which must center here, adding to the prosperity of Carson City.—*Territorial Enterprise.*

Here is a namesake of our city located in Carson Valley, the heart of the Sierra Nevada mountains. We judge from the description of it given above that it will flourish and grow larger hereafter. Its proprietors have our god wishes, and we desire them to remember that a city bearing the name they have chosen should be *alive* to enterprise and progress.

☞ There has been a black rain at Syracuse, N. Y. which much surprised the people. Some of our democratic friends regard it as a dark omen, which foreshadows the reign of black republicanism!

BRODERICK'S GRAVE.—The grave of Broderick is marked by a little mound of sand on the highest point within the Lone Mountain Cemetery inclosure. The spot may be known at a distance by the surveyor's mast planted at the very foot of the grave. A wreath of withered roses and geraniums, and a fresh calla blossom, broken from the roots and thrust into the sand, testified that the late senator's memory is cherished by people who love flowers. This is the spot where the monument is to be erected. From it two glimpses of the ocean may be caught, and the magnificent panorama of the bay, the city, the hills of Contra Costa and Mount Diablo looming over them, lies before you. —*San Francisco Bulletin.*

PERSONAL.—We learn that James Baker, Esq., of Spring Prairie, is about to resume his old vocation, and take charge of one of the ward schools in Milwaukee, at a salary of $1000 per annum. Mr. Baker conducted the same school for three years, previous to coming to this county.—*Elkhorn Independent.*

HOW TO BE HANDSOME.—It is perfectly natural for all women to be handsome. If they are not so, the fault lies in their birth or training, or in both. We would therefore respectfully remind mothers that, in Poland, a period of childhood is recognized. The girls do not jump from infancy to young ladyhood. They are not sent from the cradle directly to the drawing room, to dress, sit still, and look pretty. During childhood, which extends through a period of several years, they are plainly dressed, and allowed to run, romp and play in the open air.—They take to sunshine as does the flower.—They are not loaded down, girded about, and oppressed every way with countless frills and super-abundant flounces, so as to be admired for their much clothing. Plain, simple food, free and varied exercise, abundant sunshine, and good mental culture, are the secrets of beauty in after life.—*Ladies' Newspaper.*

GREAT FRESHET IN OHIO.—The rains of the latter part of the week and the early part of the present were very severe in central and eastern Ohio. For several years the streams have not been so high, and most of the railroads in that part of the state have suffered considerable damage. The Ohio State Journal estimates the damage done to the public works of that state at $50,000. The telegraph has also been blown down and, hence we have not received earlier details.

Till yesterday no train has passed over the Pittsburgh, Fort Wayne and Chicago railroad between Crestline and Alliance since the storm. Three embankments were washed away, and the trains were obliged to stop till they could be restored. Passengers were from Tuesday till Friday reaching this city. They speak highly of the efforts made by the officers to make them comfortable. The line is all right now, and trains are running as usual.—*Chicago Tribune of the 14th.*

Carson Valley Silver Mines.

CARSON CITY, A. T., April 4.

The excitement in regard to the silver and gold menes in this region is unabated—hundreds are pouring in from all parts of California. Scarcely a company, who are prospecting, have failed in striking rich ore where they attempted to find it. The mineral region extends for a hundred miles in every direction, and rich discoveries have been made over one hundred miles up the Humboldt. The Spanish claims, situated where the mines were first opened, were yielding $20,000 yer day. Ground is changing hands at from twenty to one hundred dollars per foot.

The Meno lake and Walker river country is rich in minerals, and hundreds are prospecting that country generally with good success.

Ore is now being shipped to San Francisco for smelting from 5 different companies. Other companies are making arrangements to ship their ore as soon as animals can be procured. The ore sent yields from $2,000 to $5,000 per ton.

Discoveries of gold bearing quartz are being made every day. Machinery of every description is on the way here for the purpose of crushing, smelting, &c., &c.

Town property in different localities ranges high. Many fire-proof buildings are under construction.

The population is increasing very fast, and it is thought that in two months the population will be 50,000. Society is very bad. There are no laws for the collection of debts, or punishing criminals. Murders and fights are of daily occurrence.

Freights from California are very high—25 to 35 cents per pound. Flour is now selling at $40 per 100 lbs. Lumber is worth $300 per 1,000 feet.

At some places in the mines, other things are selling in proportion. The weather is stormy to-day, with a heavy fall of snow in the mountains.

The telegraph line is now completed to Malloy's station, and an office will be opened at that point during the present week.—Malloy's is 30 miles east of this city on the route to Salt Lake, and in two weeks the line will be in operation 60 miles still farther east, when the time will be reduced to 8 days from St. Josephs to San Francisco for telegraph dispatches.

CHARCOAL.—Charcoal absorbs ninety times its volume of ammoniacal gas, which may again be separated by moistening it with water. It is by virtue of this power that the roots of plants are supplied in charcoal exactly in humus, with an atmosphere of carbonic acid and air, which is renewed as quickly as it is abstracted. Charcoal has a physical as well as a chemical effect on soils, which is decidedly useful.—It renders them, as far as it is present, light and friable, and gives additional warmth to them by its color, and retains readily the rays of the sun during the day. Wherever charcoal has been applied, rust never affects the growth of wheat.

LIFE INSURANCE.—Those desiring this *safest* and *cheapest* protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, Pres't.
A. W. KELLOGG, Sec'y.

☞ Messrs. Pixley & Harlow, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville. apr13dawly

COMMERCIAL.

Janesville Wholesale Market.

Reported for the Janesville Gazette, BY BUMP & GRAY. GRAIN AND PRODUCE DEALERS.

JANESVILLE, APRIL 16, 1860.

We note a decline of 2a3c per bushel on wheat since Friday, which is owing to unfavorable news from the lakeshore, and partly to a better supply on the market. Receipts to-day were about 2000 bushels which sold at 94a1,00 for good to choice milling spring, and 90a94 for shipping, closing with fair demand at these figures.—Oats also declined 1a1½c, sales of 400 bushels at 27a28. We note sales of a few lots of shelled corn at 40a42c per 60 lbs. No transactions in other grains.

We make up prices as follows:

WHEAT—white winter 1.00a1.12½; good to choice milling spring at 94a1.00; common to fair shipping, 90 a94.

CORN—shelled, per 60 lbs., 38a42c; ear per 70 lbs. 30a33c.

OATS—in fair request at 27a28 per bushel.

BARLEY—dull at 40a55c per 50 lbs., com. to choice.

RYE—quotable at 60a65 per 60 lbs. None coming forward.

POTATOES—plenty at 30a40 per bushel for good to choice ones.

TIMOTHY SEED—scarce and in demand at 2.25a2.60 per 46 lbs.

BUTTER—ranges from 9 to 14 for common to choice roll.

EGGS—in fair demand at 7a8 per dozen.

HIDES—green, 6a6½; dry flint, 12a14.

FLOUR—spring at retail, 2.60, winter, 3.50.

POULTRY—chickens, 6a7; turkeys, 7a8.

Chicago Market.

Saturday Evening, April 14.

There was a heavy feeling in the wheat market at the opening, but holders were tolerably firm, and sellers eventually had the advantage—about 14,000 bushels having changed hands at 1,02 for No. 1 in store. Flour was quiet and the market favored buyers—choice spring extras selling at 5,12½. Oats were in fair demand and steady at 32c in store. Rye quiet and unchanged Barley steady. High-wines inactive and nominal at 17½a18c.

Milwaukee Market.

Saturday Afternoon, April 14.

There was not so much activity in the produce market to-day, as during each of the previous two or three days, the decline in wheat at New York, yesterday, rather checking the speculative spirit. The dealings in flour were confined to a couple of hundred barrels at 4.75a5,25 for common to choice spring extra.—Wheat was less firm, but not quotable lower, No. 1 selling to a limited extent at 1,03 in store and 1,04 delivered, and extra at 1,10. Corn was firmer, and Illinois shelled went as high as 49a50. Oats declined 1c, selling at 30c. Barley firm at 75a80c for good No. 1 to extra.—*Sentinel.*

Non-Explosive Burning Fluid

USED WITH SAFETY & ECONOMY.

The Best in the Market.

Palmer's Drug and Tea Store.

WE have, for several years past dealt largely in BURNING FLUID, and have always, thus far, kept fully *up to the times*, in any improvements made in its manufacture. Nearly a year ago, in an appeal in favor of its more general use, based upon the fact that the raw material from which it is made, is mainly the product of our own farms, we publicly announced that there was, at the temperature at which it is generally used, "no explosive power whatever in Burning Fluid, *as now made by those who understand the business in which they are engaged.* That injury from its use was either the result of gross carelessness, or of undue alarm caused by a belief in its explosive power," &c. Since then we have manufactured and sold thousand of gallons to consumers in this city and vicinity, and if our assumption was an erroneous one, it would undoubtedly have been discovered ere this.

We are prepared to submit our Fluid to any test the public may call for, satisfied that, with ordinary care, *no safer, better or more agreeable light can be produced.* As we are indebted to no traveling "PROF. GREEN—O!" for the high state of perfection attained by us in its manufacture, we are, as usual, prepared to offer our Fluid at the *LOWEST MARKET FIGURES*, and to guarantee entire satisfaction in its use, or the money refunded.
